Independent Auditor's Report

To the Plan Administrator
Community Coordinated Care for Children 401(k) Plan
Orlando, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Coordinated Care for Children 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by John Hancock Life Insurance Company (USA), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2012, is required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Community Coordinated Care for Children 401(k) Plan

Statements of Net Assets Available for Benefits
December 31, 2012 and 2011

	2012	2011
Assets:		
Investments, at fair value (Notes 3 and 4):		
Pooled separate accounts	$ 5,604,853	$ 5,047,452
Total investments	5,604,853	5,047,452
Notes receivable from participants (Note 3)	598,174	577,682
Net assets available for benefits	$ 6,203,027	$ 5,625,134

See Notes to Financial Statements.

Community Coordinated Care for Children 401(k) Plan

Statement of Changes in Net Assets Available for Benefits
Year Ended December 31, 2012

Additions to net assets attributed to:	
Investment income (Note 3):	
Net appreciation in fair value of investments	$ 561,936
Total investment income	561,936
Interest income on notes receivable from participants	19,246
Contributions:	
Employer's	448,472
Participants'	356,224
Total contributions	804,696
Total additions	1,385,878
Deductions from net assets attributed to:	
Benefits paid to participants	764,517
Administrative expenses (Note 5)	43,468
Total deductions	807,985
Net increase in net assets available for benefits	577,893
Net assets available for benefits:	
Beginning of year	5,625,134
End of year	$ 6,203,027

See Notes to Financial Statements.

Note 1. Plan Description

The following description of the Community Coordinated Care for Children 401(k) Plan (the "Plan"), as amended and restated effective January 1, 2010, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan, established on January 1, 1990, is a defined contribution plan covering all eligible employees of the Community Coordinated Care for Children, Inc. (the "Company", "Employer", or "Plan Sponsor") who had reached the age of 21 and completed one year of service as of the next enrollment date (semi-annual). Collectively bargained employees are excluded from participating in the Plan. In general, one year of service is defined as a 12-month consecutive period after commencement of employment in which an employee works at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). John Hancock Life Insurance Company (USA) ("John Hancock") is responsible for investing and managing the Plan assets (subject to the direction of the Company and participants).

Contributions: Plan participants may voluntarily contribute, on a pre-tax basis, any amount of their qualified annual compensation, as defined by the Plan, up to the Internal Revenue Code ("IRC") maximum limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained the age of 50 before the end of the Plan year are eligible to make "catch-up" contributions. The maximum allowable pre-tax voluntary contribution, as determined by the Internal Revenue Service ("IRS"), was $17,000 with a maximum "catch-up" contribution of $5,500 for 2012. All contributions are held in trust, and invested by the Plan's custodian in accordance with the options elected by the participants (i.e. all investments are participant directed).

The Company matches 25% up to the first 4% of the participant's qualified compensation, as defined in the Plan agreement. The Company's match amounted to $41,588 during the year ended December 31, 2012. The Company may also make discretionary matching contributions to eligible participants of the Plan who contribute to the Plan. This discretionary matching contribution may be made during the Plan year or after the year-end and may be determined as a percentage of contributions or as a uniform dollar amount. The maximum Company's match will not exceed 6% of the base compensation. The Company did not make any discretionary matching contributions for the year ended December 31, 2012. In addition, the Company also makes safe harbor contributions equal to 5% of the participants' annual compensation. The safe harbor contribution will be made whether or not the employee is making contributions to the Plan. The Company made a total of $406,884 in safe harbor contributions during the year ended December 31, 2012. Any employer contributions made on behalf of a participant for which no investment direction is in effect shall be allocated to one of the John Hancock Retirement Funds based on the appropriate retirement fund for the participant, subject to the participant's right to transfer those funds in accordance with the Plan.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, their portion of the Company's match, discretionary match, and safe harbor contributions and an allocation of Plan earnings, and charged with withdrawals, and an allocation of Plan losses and administrative expenses. Allocations are based on participants' contributions or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, Employer matching and discretionary matching contributions, and Employer safe harbor contributions plus actual earnings thereon.

Note 1. Plan Description (Continued)

Investment options: Upon enrollment in the Plan, a participant may direct contributions in a variety of investment choices as more fully described in the Plan's literature. Participants can change their contribution percentage the first day of each calendar quarter. Participants may change their investment options at any time.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested balance in the Plan. A participant may have a maximum of five outstanding notes at any time. All notes are repaid within a period of five years, except notes for the participant's principal residence, which must be repaid in a reasonable period of time, not to exceed fifteen years. The notes are collateralized by a portion of the balance in the participant's account and bear a fixed rate of interest based on the prevailing prime rate at the date of each note (3.25% – 4.25% as of December 31, 2012). Principal and interest are repaid ratably through bi-weekly payroll deductions.

Payment of benefits: Upon termination of service due to death, disability, or retirement, participants may elect to receive either a lump-sum amount equal to the value of their vested accounts, or receive regular installments over a period not to exceed their life expectancy. The normal retirement age, as defined by the Plan, is age 59 ½. Participants still employed who have reached age 70 ½ can defer payment of their benefits until their retirement date. If a participant terminates before retirement and has a vested account balance in excess of $5,000, they may elect a lump sum payment or monthly, quarterly or annual installments over a specified period of time. Vested account balances less than $5,000, but greater than $1,000, will be distributed in a lump sum payment. Vested account balances less than $1,000 will be distributed as a lump sum as soon as administratively practicable, with or without the participant's election. In addition, hardship distributions are permitted if certain criteria are met. Hardship distributions are not allowed to be made from the Company's safe harbor contributions.

Forfeitures: As participants are fully vested upon entrance to the Plan, there are no forfeited account balances.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Board of Director determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Interest income is recorded on the accrual basis as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Contributions: Contributions from Plan participants and the Employer matching and safe harbor contributions from the Company are recorded in the year in which the participant contributions are withheld from amounts paid. Employer discretionary matching contributions are recognized upon authorization of the Employer. All participant and employer contributions are participant-directed.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: All reasonable expenses related to Plan administration are paid from Plan assets, except to the extent the expenses are paid (or reimbursed) by the Employer. If the Employer does not pay Plan related expenses, such fees or expenses will generally be allocated to the accounts of participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. Loan origination fees are charged to the borrower/participant.

Income taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal, state, or local tax authorities for years before 2009.

Adoption of new accounting pronouncement: In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*, (ASU 2011-04). ASU 2011-04 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*. This update changes certain fair value measurement principals and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The adoption of ASU-2011-04 did not have a material impact on these financial statements.

Accounting pronouncement not yet effective: In October 2012, the FASB issued ASU 2012-04, *Technical Corrections and Improvements*. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of ASU 2012-04 is not expected to have a material effect on subsequent periods.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2012) through October 11, 2013, which is the date of the financial statements were available to be issued.

Note 3. Investment Information Certified and Provided by Custodian

The following is a summary of the Plan's asset information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by John Hancock, the custodian under the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets and asset activity is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets.

The table presents the assets held by the Plan as of December 31, 2012 and 2011, which were certified by the custodian. Single assets representing more than 5% of the Plan's net assets are separately identified:

	December 31,	
	2012	2011
Investments:		
Pooled separate accounts:		
Stable Value Fund	**$ 2,042,628**	$ 1,716,659
Fundamental Investors Fund	**621,817**	*
Victory Diversified Stock Fund (Class A)	*	520,584
PIMCO Total Return Fund	**334,320**	334,489
T. Rowe Price Small Cap Value Fund	*	316,800
Other funds	**2,606,088**	2,158,920
	$ 5,604,853	$ 5,047,452
Notes receivable from participants	**$ 598,174**	$ 577,682

*Amount represents less than 5% of Plan's net assets for the year presented.

John Hancock also certified to the completeness and accuracy of $561,936 of net appreciation in fair value of pooled separate accounts, and $19,246 of interest related to notes receivable from participants for the year ended December 31, 2012.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:

  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled separate accounts: Valued at the observable net asset value (NAV) of the underlying investments as reported by the insurance company.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Stable value fund	$ -	$ 2,042,628	$ -	$ 2,042,628
Retirement funds	-	883,524	-	883,524
Equity funds				
Large cap	-	1,076,017	-	1,076,017
Mid cap	-	165,346	-	165,346
Small cap	-	313,212	-	313,212
International	-	296,491	-	296,491
Sector	-	30,658	-	30,658
Fixed income funds	-	377,045	-	377,045
Balanced/asset allocation funds	-	419,932	-	419,932
	$ -	$ 5,604,853	$ -	$ 5,604,853

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Stable value fund	$ -	$ 1,716,659	$ -	$ 1,716,659
Retirement funds	-	795,578	-	795,578
Equity funds		-		
Large cap	-	899,039	-	899,039
Mid cap	-	216,916	-	216,916
Small cap	-	437,935	-	437,935
International	-	262,295	-	262,295
Sector	-	29,985	-	29,985
Fixed income funds	-	404,281	-	404,281
Balanced/asset allocation funds	-	284,764	-	284,764
	$ -	$ 5,047,452	$ -	$ 5,047,452

Changes in fair value levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluate the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2012 and 2011, there were no transfers between levels

Note 4. Fair Value Measurements (Continued)

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using the NAV per share (or its equivalent) as of December 31, 2012 and 2011:

	2012 Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts:					
Stable value fund (a)	$ 2,042,628	-	Twice a Month	None	None*
Retirement funds (b)	883,524	-	Twice a Month	None	None*
Equity funds					
Large cap (c)	1,076,017	-	Twice a Month	None	None*
Mid cap (d)	165,346	-	Twice a Month	None	None*
Small cap (e) (**)	313,212	-	Twice a Month	None	None*
International (f)	296,491	-	Twice a Month	None	None*
Sector (g)	30,658	-	Twice a Month	None	None*
Fixed income funds (h)	377,045	-	Twice a Month	None	None*
Balanced/asset allocation funds (i)	419,932	-	Twice a Month	None	None*
	$ 5,604,853				

	2011 Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts:					
Stable value fund (a)	$ 1,716,659	-	Twice a Month	None	None*
Retirement funds (b)	795,578	-	Twice a Month	None	None*
Equity funds	-				
Large cap (c)	899,039	-	Twice a Month	None	None*

Small cap (e) (**)	437,935	-	Twice a Month	None	None*
International (f)	262,295	-	Twice a Month	None	None*
Sector (g)	29,985	-	Twice a Month	None	None*
Fixed income funds (h)	404,281	-	Twice a Month	None	None*
Balanced/asset allocation funds (i)	284,764	-	Twice a Month	None	None*
	$ 5,047,452				

(a) The pooled separate account in this category seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The fund is invested primarily in diversified fixed income funds and separately managed bond accounts run by internal and external sub-managers selected by John Hancock USA, as manager of the underlying separate account in which the fund is primarily invested.

(b) The pooled separate accounts in this category seek high total return until their target retirement date. To pursue this goal, the funds, which are funds of funds, invest, under normal market conditions, substantially all of their assets in underlying funds using an asset allocation strategy designed for investors expected to retire in the designated retirement year.

(c) The pooled separate accounts in this category seek long-term growth by primarily investing in common stocks of U.S. companies with large market capitalization. Investments from this category are normally from stocks in the top 70% of the capitalization of the U.S. equity market.

Note 4. Fair Value Measurements (Continued)

(d) The pooled separate accounts in this category primarily invest in U.S. stocks of various sizes and styles, giving it a middle-of-the-road profile. Investments from this category typically fall between $1 billion – $8 billion and represent 20% of the total capitalization of the U.S. equity market.

(e) The pooled separate accounts in this category seek long-term growth by primarily investing in U.S. equity securities of companies with small size market capitalization. Investments from this category are in the bottom 10% of the capitalization of the U.S. equity market.

(**) Included in this category is the John Hancock USA Small Cap Value Fund which requires a 90 day holding period.

(f) The pooled separate accounts in this category seek long-term growth by investing in common stocks of non-U.S. companies with large market capitalization. Investments are normally diversified across different countries and regions of the world.

(g) The pooled separate accounts in this category invest in real estate, health and financial industries. Real estate portfolios invest primarily in real-estate investment trusts (REITs) of various types, which are companies that develop and manage real-estate properties. These include apartment, factory-outlet, healthcare, hotel, industrial, mortgage, office and shopping center REITs. Health portfolios focus on the medical and healthcare industries, including pharmaceutical and medical-device makers, HMOs, hospitals and nursing homes. Financial portfolios seek capital appreciation by investing primarily in equity securities of U.S. or non-U.S. financial services companies, including banks, brokerage firms, insurance companies, and consumer credit providers.

(h) The pooled separate accounts in this category invest primarily in investments that provide a high level of current income consistent with the maintenance of principal and liquidity. The fund invests in investment grade debt securities, but may invest up to 10% of total assets in high yield securities. There is focus on corporate bonds and U.S. government bonds with varying maturities.

(i) The pooled separate accounts in this category seek to achieve current income and growth of capital by investing in a diversified portfolio of fixed-income securities and equity securities with an overall goal of total return with reduced risk over the long-term.

* Although there is no notice period limitation for redemptions, participants who take redemptions from individual funds are not allowed to transfer back into those funds until the thirty day holding period has expired. New contributions are allowed during this time period.

Note 5. Parties-in-Interest

John Hancock is the custodian of the Plan, NFP Securities, Inc. provided investment advisory services to the Plan and Bates & Company, Inc. is the third party administrator ("TPA"); therefore, transactions with the custodian, investment advisor, and the TPA qualify as party-in-interest transactions. Total fees paid by the Plan for administration and investment advisory services amounted to $43,468 for the year ended December 31, 2012. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 6. Income Tax Status

The Plan has adopted a standardized form of a volume submitter prototype plan sponsored by Bates & Company, Inc. The volume submitter prototype plan has received an opinion letter, dated March 31, 2008, from the Internal Revenue Service ("IRS") as to the volume submitter prototype plan's qualified status. The volume submitter prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax exempt.

Note 7. Plan Termination and Amendment

Although they have not expressed any intent to do so, the Company has the right under the Plan to amend any or all provisions of the Plan as well as discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. These investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	**$ 6,203,027**	$ 5,625,134
Add: Employer contributions receivable	**701**	1,428
Net assets per the Form 5500	**$ 6,203,728**	$ 5,626,562

The following is a reconciliation of changes in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2012:

Net increase in net assets available for benefits per the financial statements	$ 577,893
Add: Current year employer contributions receivable	701
Less: Prior year employer contributions receivable	(1,428)
Net income per the Form 5500	$ 577,166
