

Family Friendly Breast Feeding Facilities

The importance of breastfeeding cannot be overstated. In addition to the economic, environmental, and health benefits, most importantly, breastfeeding increases the bond between mother and child, promoting their psychological well-being.

Here is a list of breastfeeding friendly caregivers in Orange County and Osceola County. What exactly does “breastfeeding friendly’ mean? These providers welcome and encourage breastfeeding, provide a supportive environment for moms who are returning to work or school, trained to carefully handle and store breastmilk, feed infants as needed as opposed to a schedule, and have policies supporting their commitment to breastfeeding.
