## Independent Auditor's Report

To the Board of Directors  
Community Coordinated Care for Children, Inc.  
and The 4C Foundation, Inc.  
Orlando, Florida

We have audited the accompanying combined statement of financial position of Community Coordinated Care for Children, Inc. and The 4C Foundation, Inc. (the "Organization") as of December 31, 2010, and the related combined statements of activities, functional expenses and cash flows for the year then ended. These combined financial statements are the responsibility of the Organizations' management. Our responsibility is to express an opinion on these combined financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Community Coordinated Care for Children, Inc. and The 4C Foundation, Inc. as of December 31, 2010, and the changes in their net assets and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 8, 2011 on our consideration of Community Coordinated Care for Children, Inc. and The 4C Foundation, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the basic combined financial statements taken as a whole. The accompanying supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic combined financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and State of Florida Chapter 10.650, *Rules of the Auditor General*. Such information has been subjected to the auditing procedures applied in the audit of the basic combined financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic combined financial statements taken as a whole.

*McGladrey & Pullen, LLP*

and The 4C Foundation, Inc.

Notes to Combined Financial Statements

---

**Note 1. Nature of Organization, Principles of Combination and Significant Accounting Policies**

Nature of organization: Community Coordinated Care for Children, Inc. ("4C") is a not-for-profit corporation operating in Central and Southwest Florida Counties as a coordinative agency for child care activities and other support services for families with young children.

The 4C Foundation, Inc. ("Foundation") is a separate not-for-profit corporation that was formed for the purpose of acquiring property and leasing to, and fund-raising for, 4C.

Principles of combination: The accompanying financial statements include the accounts of 4C and the Foundation (collectively, the "Organization") on a combined basis. All significant intercompany accounts and transactions have been eliminated in the preparation of the combined financial statements. At December 31, 2010, total net assets of 4C and the Foundation were \$2,471,803 and \$2,848,615, respectively.

A summary of the Organization's significant accounting policies follows:

Basis of presentation: The accompanying combined financial statements have been prepared on the accrual basis of accounting.

A not-for-profit organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

- Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations, but may be designated for specific purposes by action of the Board of Directors.
- Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or the passage of time. When the restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the combined statement of activities as net assets released from restrictions. Temporarily restricted net assets as of December 31, 2010 are composed of \$104,497 available to fund designated programs in the near future, and \$208,235 of Heart of Florida United Way, Inc. funding which will be released in the next fiscal year.
- Permanently restricted net assets – Net assets subject to donor-imposed stipulations that they be permanently maintained by the Organization. Permanently restricted net assets were \$113,501 at December 31, 2010. These amounts consist of endowment funds that are subject to restrictions of gift instruments requiring in perpetuity that the principal be invested and the income only be used. Investment earnings distributed are recorded in unrestricted net assets.

This amount consists of contributions to the Community Foundation of Central Florida, Inc. to be held as a permanently restricted endowment fund for the benefit of the Organization (see Notes 3 and 4).

Notes to Combined Financial Statements

---

**Note 1. Nature of Organization, Principles of Combination and Significant Accounting Policies  
(Continued)**

Cash and cash equivalents: For purposes of the statement of cash flows, the Organizations consider all highly liquid debt instruments purchased with an original maturity date of three months or less to be cash equivalents. The Organization did not have any cash equivalents at December 31, 2010. Cash excludes cash designated for capital expenditures.

Receivables: Receivables primarily consist of grant and contract receivables from federal, state, and local governmental agencies, and not-for-profit organizations, and are stated at estimated net realizable value. The Organization uses the allowance method to determine uncollectible receivables. The allowance is based upon management estimates of current economic factors and analysis of specific accounts. In the opinion of management, no allowance for uncollectible accounts was considered necessary at December 31, 2010.

Property and equipment: Property and equipment are recorded at cost when purchased or at fair value at the date of gift, if contributed. Depreciation of property and equipment is computed using the straight-line method of accounting over the estimated useful lives of the depreciable assets. Routine maintenance and repair costs are charged to expense as incurred, while major replacements and improvements are capitalized as additions to the related assets. When assets are sold or retired, the related cost and accumulated depreciation are removed from the accounts and gains or losses from dispositions are credited or charged to income.

During the year ended December 31, 2002, the Foundation capitalized a donated art collection, which consists of pictures donated to the Foundation. The donated art collection is stated at the estimated fair value of the collection at the time of the donation. The Foundation has no purchased collectibles.

Impairment of long-lived assets: The carrying value of property and equipment is reviewed for impairment whenever events or changes in circumstances indicate such value may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less cost to sell.

Deferred loan costs: The Organization capitalizes costs associated with debt agreements. These costs are amortized on a straight-line basis, which approximates the effective interest method, over the term of the related debt agreement. Amortization expense amounted to \$2,196 for the year ended December 31, 2010.

Beneficial interest in assets held by others: The Organization follows guidance related to accounting for contributions held by an organization for the benefit of another organization which states that organizations that transfer assets to other not-for-profit agencies who specify themselves or their affiliates as the beneficiaries, and has not granted variance power, are not considered expenses and are recorded as a beneficial interest in assets held by others in the combined statement of financial position at fair value.

Assets held in trust: Assets held in trust are investments and are reported at fair value (see Note 4). These investments represent contributions to a 457(b) plan for the benefit of "key employees". See Note 9 for additional information about the terms of this plan.

**Notes to Combined Financial Statements**

---

**Note 1. Nature of Organization, Principles of Combination and Significant Accounting Policies  
(Continued)**

Support and revenues: The Organization is principally funded by grants and contracts from federal, state, and local governmental agencies, and not-for-profit organizations. Grants and contracts generally provide reimbursement for allowable costs incurred. Revenue from cost reimbursement grants and contracts is recognized as eligible costs are incurred. Receivables are recorded to the extent costs have been incurred but not reimbursed by the granting agencies. Conversely, refundable advances are recorded when grant and contract advances exceed eligible costs incurred. Refundable advances will either be offset against subsequent allowable costs incurred or refunded to the granting agencies upon grant termination.

Contributions: Contributions received are recorded at fair value as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions are met in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Unconditional promises to give are recognized as support in the period received at fair value. Conditional promises to give are recognized when the conditions on which they depend are substantially met. The Organization uses the allowance method to determine uncollectible unconditional promises to give receivables. The allowance is based upon management estimates of current economic factors and analysis of specific unconditional promises to give. In the opinion of management, no allowance for uncollectible accounts was considered necessary at December 31, 2010.

Contributed services are recognized if the services received create or enhance non-financial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by contribution.

The estimated fair value of contributed materials, facilities, services and other program services are necessary to support the Head Start and Early Head Start program and are reflected as support and expenses in the accompanying statement of activities and statement of functional expenses in the period in which the materials, facilities, services and other program services are utilized. Contributed materials, facilities, services and other program services consist of the following:

	Head Start	Early Head Start	Total
Medical and dental	\$ 8,733	\$ -	\$ 8,733
Program services	53,240	45,201	98,441
<b>Total</b>	<b>\$ 61,973</b>	<b>\$ 45,201</b>	<b>\$ 107,174</b>

Volunteer services of \$645,898 and \$49,699 were provided to the Head Start and Early Head Start program, respectively, and are used to satisfy match requirements but are not included in the combined financial statements because they do not meet the criteria for recognition.

Notes to Combined Financial Statements

---

**Note 1. Nature of Organization, Principles of Combination and Significant Accounting Policies  
(Continued)**

Functional expenses: The cost of providing various programs and supporting services have been summarized on a functional basis in the combined statement of activities and in the combined statement of functional expenses. Accordingly, certain costs have been allocated among the various programs and supporting services benefited. Functional expenses are allocated between programs on the basis of specific identification, where possible, and management's best estimates. The Organization's functional program categories are as follows:

Early Care and Learning (School Readiness) – The Organization currently contracts with local Early Care and Learning Coalitions, local governments and not-for-profit organizations to provide income eligible families child care financial assistance and other related activities. Local government contracts, United Way allocations, private foundations and other local funders are used to meet match requirements for certain contracts.

Voluntary Pre-K – The Organization participates in a Florida Department of Education program designed to prepare four year olds for kindergarten and build the foundation for their educational success. The program allows a parent to enroll his or her eligible child in a free voluntary pre-kindergarten program. The Organization currently contracts with local coalitions to provide such services.

Food Program – Accounts for resources received from the State of Florida Department of Health to subsidize meal costs for eligible children under the National School Lunch and the Child Nutrition Acts.

Head Start – Accounts for resources received from the U.S. Department of Health and Human Services ("HHS") and the State of Florida Department of Health (Child and Adult Care Food Program) for the Head Start Program. Certain matching funds are required by HHS which are provided by local governments and other donors.

Early Head Start – Accounts for resources received from the U.S. Department of Health and Human Services ("HHS") and the State of Florida Department of Health (Child and Adult Care Food Program) for the Early Head Start Program. Certain matching funds are required by HHS which are provided by local governments and other donors.

Training Programs – Accounts for resources received from the State of Florida Department of Children and Families for state mandated training services and resources for other training programs.

Other Child Care – Accounts for resources received from the State of Florida Department of Children and Families – Refugee Child Care and other private contracts for child care services.

Community Services – Accounts for various community services and other family related programs.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of support and revenues, and expenses during the reporting period. Actual results could differ from those estimates.

Community Coordinated Care for Children, Inc.  
and The 4C Foundation, Inc.

Notes to Combined Financial Statements

---

**Note 1. Nature of Organization, Principles of Combination and Significant Accounting Policies  
(Continued)**

Income taxes: 4C's and the Foundation are exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from state income taxes under similar provisions of the Florida Statutes. Accordingly, no provision for federal and state income taxes has been recorded in the accompanying combined financial statements.

The Organization follows accounting standards relating to accounting for uncertainty in income taxes for the year ended December 31, 2010. Management assessed whether there were any uncertain tax positions which may give rise to income tax liabilities and determined that there were no such matters requiring recognition in the accompanying combined financial statements. The Organization files income tax returns in the U.S. federal jurisdiction. Generally, the Organization is no longer subject to U.S. federal income tax examinations by tax authorities for years before December 31, 2007.

Fair value of financial instruments: The carrying amounts of financial instruments, including cash, receivables, unconditional promises to give, beneficial interests in assets held by others, assets held in trust, accounts payable and due to early learning providers, and deferred compensation payable approximates fair value due to the short maturity of these instruments or their valuation at fair value using the fair value measurements described in Note 4.

Concentrations of credit risk: Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash, cash designated for capital expenditures, and various unsecured receivables. The Organization placed their cash and cash designated for capital expenditures with federally insured financial institutions and limit their exposure to any potential loss in excess of federally insured limits; however, at times, the Organization is exposed to loss to the extent that these balances exceed the federally insured limits. Concentrations of credit risk with respect to unsecured receivables are limited as the receivables are primarily grant and contract receivables from governmental agencies; other receivables are primarily due from entities located in Central and Southwest Florida.

Subsequent events: Management has assessed subsequent events through July 8, 2011, which is the date these combined financial statements were available to be issued. All subsequent events requiring recognition as of July 8, 2011, have been incorporated into these combined financial statements.

**Note 2. Property and Equipment**

Property and equipment at December 31, 2010 consisted of the following:

Land	\$ 720,000
Buildings and improvements	1,828,696
Equipment, vehicles and other	1,980,296
Donated art collection	178,055
	<hr/>
	4,707,047
Less accumulated depreciation	(2,903,661)
	<hr/>
	\$ 1,803,386
	<hr/>

During the year ended December 31, 2010, depreciation expense was \$284,558.

## Notes to Combined Financial Statements

---

### Note 3. Beneficial Interest in Assets Held by Others

The Organization has a beneficial interest in assets held by the Community Foundation of Central Florida, Inc. (the "Community Foundation") in a permanent Agency Endowment Fund known as the "Caring for Kids Fund." The Community Foundation was granted no variance power to redirect the use of the assets to another beneficiary. On an annual basis, the Community Foundation distributes net income from this fund to the Organization as determined by the Community Foundation's spending policy. As of December 31, 2010, the endowment fund has a fair value of \$113,501, which is included in the accompanying statement of financial position as beneficial interest in assets held by others.

### Note 4. Fair Value Measurements

The Organization follows accounting standards relating to fair value measurements which defines fair value, establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America, and expands disclosures about fair value measurements. Fair value is the price that would be received to sell an asset and paid to transfer a liability in an orderly transaction between market participants at the measurement date. The accounting standards relating to fair value measurements establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. Assets held in trust (investments) and the beneficial interest in assets held by others recorded at fair value in the accompanying combined statement of financial position are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Level inputs, as defined by this guidance, are as follows:

Level Input	Input Definition
Level I	Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.
Level II	Inputs other than quoted prices included in Level I that are observable for the asset or liability through corroboration with market data at the measurement date.
Level III	Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date.

Fair value of actively traded debt and equity securities are based on quoted market prices. Fair value of inactively traded debt securities are based on quoted market prices of identical or similar securities or based on observable inputs like interest rates using either a market or income valuation approach and are generally classified as Level 2. The fair value of the Organization's beneficial interest in assets held by others is reported at net present value of expected future cash flows which approximates the fair value of the underlying assets.

Community Coordinated Care for Children, Inc.  
and The 4C Foundation, Inc.

Notes to Combined Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarizes fair value measurements by level at December 31, 2010 for financial assets and liabilities measured at fair value on a recurring basis:

	Fair Value Measurements Using			Total
	Quoted Prices in Active Markets for Identical Assets (Level I)	Significant Other Observable Inputs (Level II)	Unobservable Inputs (Level III)	
Assets:				
Assets held in trust (investments):				
Mutual funds	\$ 48,715	\$ -	\$ -	\$ 48,715
Pooled separate accounts with Principal Life Insurance Co.	-	137,444	-	137,444
Beneficial interest in assets held by others	-	-	113,501	113,501
	<u>\$ 48,715</u>	<u>\$ 137,444</u>	<u>\$ 113,501</u>	<u>\$ 299,660</u>
Liabilities:				
Deferred compensation payable	\$ 48,715	\$ 137,444	\$ -	\$ 186,159

The Organization's investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the investment account balance.

The table below sets forth a summary of the changes in the fair value of the Organization's Level 3 financial assets during the year ended December 31, 2010:

	Beneficial Interest in Assets Held by Others
Balance, beginning of year	\$ 100,380
Net realized and unrealized gains	12,607
Interest and dividend income	1,900
Investment manager and administrative fees	(1,386)
Balance, end of year	<u>\$ 113,501</u>

Community Coordinated Care for Children, Inc.  
and The 4C Foundation, Inc.

Notes to Combined Financial Statements

---

**Note 5. Line of Credit**

The Organization has a \$2,000,000 revolving line of credit agreement with a Bank. The revolving line of credit bears interest at a variable interest rate based on the one-month LIBOR interest rate plus 3.5% (3.76% at December 31, 2010), payable monthly, and is collateralized by receivables. The line of credit is payable on demand and matures on November 3, 2011. The line of credit is used primarily for the payment of funds due to early learning providers pending outstanding receivable payments. At December 31, 2010, there was no outstanding balance on the line of credit.

**Note 6. Long-Term Debt**

The Organization has a mortgage note agreement with a bank. Under the terms of the mortgage note agreement, payments of \$5,625 plus interest are payable monthly, and the note is collateralized by land and buildings. The mortgage note agreement bears interest at a variable interest rate (2.50% at December 31, 2010) and all unpaid principal and interest is due and payable on March 19, 2012. The balance outstanding at December 31, 2010 was \$135,000.

As noted in the preceding paragraph, the interest is due monthly at a variable interest rate as determined from time to time by the referenced bank. To reduce its exposure to fluctuations in interest rates and to stabilize cash flow requirements, the Organization has agreed to pay a variable rate of interest to the bank under an interest rate swap transaction agreement. The agreement effectively fixes the Organization's interest rate exposure on the mortgage note agreement to 9.25% per annum. Cancellation of the agreement by the Organization, to include refinancing of the referenced mortgage note agreement, would involve payment of an unwind fee which is estimated to approximate any related interest costs to be saved at this date. The interest rate swap agreement matures at the time the related mortgage note agreement matures, and accordingly, the Organization expects the interest rate swap agreement to expire at the time the related mortgage matures.

Maturities of long-term debt as of December 31, 2010 are as follows:

Year Ending December 31,	
2011	\$ 67,500
2012	67,500
	<u>\$ 135,000</u>

Community Coordinated Care for Children, Inc.  
and The 4C Foundation, Inc.

Notes to Combined Financial Statements

---

**Note 7. Commitments**

The Organization leases facilities under various operating lease agreements. These lease agreements are generally on a year-to-year basis with options to renew. Rent expense was approximately \$691,100 for the year ended December 31, 2010.

Future minimum lease payments under non-cancelable operating leases as of December 31, 2010 are as follows:

Year Ending December 31,	Amount
2011	\$ 680,125
2012	512,561
2013	249,251
	<u>\$ 1,441,937</u>

**Note 8. Retirement Plan**

All employees are eligible to participate in a defined contribution 401(k) plan (the "401(k) Plan") upon completion of 12 consecutive months of the required service and attainment of age 21. The annual contribution to the 401(k) Plan is determined on an annual basis by the Board of Directors (5% of eligible compensation for 2010) plus a match provision of 25% of voluntary contributions by the eligible employee up to a maximum of 1% of eligible compensation. Accordingly, the Organization's maximum contribution is 6% of eligible compensation up to the federal limit according to the Internal Revenue Code. Contributions to the 401(k) Plan for the year ended December 31, 2010 was \$512,163.

**Note 9. Deferred Compensation Plan**

The Organization has established a deferred compensation plan (the "Plan") for the benefit of "key employees", which provide that a certain percentage of the key employee's salary be accrued for the benefit of the participant. The Organization recognizes the related expense (i.e., liability) under this Plan as benefits become vested. At December 31, 2010, the amounts due under the deferred compensation plan which totaled \$186,159 were accrued and included in deferred compensation payable and the related investments are included in assets held in trust in the accompanying combined statement of financial position.

**Note 10. Contingencies**

By terms of the Organization's grants and contracts, certain funding agencies reserve the right to examine records relating to cost reimbursements. In the event there is a determination of non-qualifying expenditures for which a reimbursement has been made, the funding agency may demand a refund. Management of the Organization does not anticipate any material refunds will have to be made for grants or contracts terminated or in process as of December 31, 2010. Accordingly, no provision for liability has been made in the accompanying combined financial statements.

Notes to Combined Financial Statements

---

**Note 10. Contingencies (Continued)**

The Organization has received support from government agencies, under grant contracts, which have match requirements. Management of the Organization has determined that the Organization has met the match requirement or received a waiver from the match requirement of their grant contracts as of December 31, 2010.

The Organization also has a potential liability to reimburse funding agencies for property charged against certain grants or contracts as a reimbursable expenditure. The measureable value of the potential liability is not readily determinable. However, in management's opinion, the probability of a reimbursement request of significance is considered unlikely. During the year ended December 31, 2010, approximately \$614,977 of such reimbursed expenditures were incurred and charged to operations as grant or contract expenditures. Approximately \$1,789,702 (at cost) of such assets were charged to grants or contracts to date and are currently being used in the Organization's operations.

Note to Schedule of Expenditures of Federal Awards and State Financial Assistance  
Year Ended December 31, 2010

---

**Note 1. Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance (the Schedule) includes the federal grant and state financial assistance project activity of the Community Coordinated Care for Children, Inc. and The 4C Foundation, Inc. and is presented on the accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the State of Florida Chapter 10.650, *Rules of the Auditor General*. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic combined financial statements.

**Independent Auditor's Report  
on Internal Control Over Financial Reporting and on Compliance  
and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance With *Government Auditing Standards***

To the Board of Directors  
Community Coordinated Care for Children, Inc.  
and The 4C Foundation, Inc.  
Orlando, Florida

We have audited the combined financial statements of Community Coordinated Care for Children, Inc. and The 4C Foundation, Inc. (the "Organization") as of and for the year ended December 31, 2010, and have issued our report thereon dated July 8, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Organization's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the combined financial statements, but not for the purpose of expressing an opinion on the effectiveness of Organization's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

*Compliance and Other Matters*

As part of obtaining reasonable assurance about whether the Organization's combined financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, board of directors, others within the Organization, federal and state awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

July 8, 2011

**Independent Auditor's Report  
on Compliance with Requirements That Could Have a Direct and Material Effect  
on Each Major Federal Program and State Financial Assistance Project  
and on Internal Control Over Compliance in Accordance with OMB Circular A-133  
and Chapter 10.650, *Rules of the Auditor General***

To the Board of Directors  
Community Coordinated Care for Children, Inc.  
and The 4C Foundation, Inc.  
Orlando, Florida

**Compliance**

We have audited the compliance of Community Coordinated Care for Children, Inc. and The 4C Foundation, Inc. (the "Organization") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133, *Compliance Supplement* and the requirements described in the Department of Financial Services' State Projects Compliance Supplement that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended December 31, 2010. The Organization's major federal programs and state financial assistance projects are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs and state financial assistance projects is the responsibility of the Organization's management. Our responsibility is to express an opinion on the Organization's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and the State of Florida Chapter 10.650, *Rules of the Auditor General*. Those standards, OMB Circular A-133, and Chapter 10.650, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Organization's compliance with those requirements.

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state financial assistance projects for the year ended December 31, 2010.

### Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs and state financial assistance projects. In planning and performing our audit, we considered the Organization's internal control over compliance with requirements that could have a direct and material effect on a major federal program or state financial assistance project in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and Chapter 10.650, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state financial assistance project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, board of directors, others within the Organization, federal and state awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

I - Summary of Auditor's Results (Continued)

Identification of major programs (Continued):

*State Financial Assistance*

CSFA Number(s)

75.007

Name of State Financial Assistance Project

Voluntary Pre-Kindergarten Education Program

Dollar threshold used to distinguish between type  
A and type B state financial assistance projects:

\$ 1,319,050

II. Financial Statement Findings

No matters were reported.

III. Findings and Questioned Costs for Federal Awards and State Financial Assistance

No matters were reported.

IV. Other Issues

1. No Summary Schedule of Prior Audit Findings is presented because there were no prior audit findings related to federal awards and state financial assistance projects.
2. No Corrective Action Plan is presented because there were no findings required to be reported under the Federal Single Audit Act or the Florida Single Audit Act.
3. There was no management letter or control deficiency letter issued for the year ended December 31, 2010 and there were no findings required to be reported in these letters.
