CCRR Services Provided

Our Specialists are trained to:

- Customize a list of child care providers based on your family's specific needs. Every attempt is made to match your requests as closely as possible. We maintain a database of all legally operating providers and their detailed information such as: hours of operation, curriculum, programs and pay rate*.
- Offer unbiased information about local child care options. 4C affirms parental choice; therefore we make absolutely no recommendations, referrals only.
- Provide you with information on how to recognize quality early learning and understand the developmental benefits of your child.
- Provide financial assistance strategies. We guide parents that are interested in applying for School Readiness (SR) and/or Voluntary Pre-Kindergarten (VPK) programs, and to families with children with disabilities and/or special health care needs.

* On behalf of the Early Learning Coalition of Orange County and Early Learning Coalition of Osceola County, 4C does not guarantee the full accuracy of provider listing information. The information in our database is self-reported by participating child care programs/providers and can change over time. We encourage you to visit each provider to verify that the information received remains current and accurate. 4C does not license, endorse or recommend any particular child care program/provider, nor can we assure the program's/provider's quality of care. These assurances can only be made based on your observations and direct experiences with the child care provider.
