The Neighborhood Center for Families

Mission Statement

The Eatonville Neighborhood Center for Families is committed to the growth of healthy children, families, and communities through the provision of services that empower families to become fully self-sufficient and self-supporting, socially and economically.

What is the NCF?

The Neighborhood Center for Families (NCF) is a neighborhood based collaborative of local schools, government agencies, churches, grass-root organizations, and non-profit service providers. These agencies operate under the NCF to provide assistance to the children and families of Orange County. The NCF provides direct assistance to the families living in the Town of Eatonville.

Center for Drug-Free Living ALPHA

Provides life skills lessons, academic enrichment, individual and small group counseling, and additional activities; while encouraging parent involvement.

Boys & Girls Clubs Teen Program

Provides youth between the ages of 11-18 with group and individual sessions; while providing opportunities to enhance morale, self-esteem, character and discipline through health initiatives, academics, and the arts.

Every Kid Outreach 5th Quarter

Provides middle and high school youth with a safe place for gathering after Friday Night school activities. 5th quarter provides recreation, one-on-one mentoring, and refreshments in a safe environment which deter local loitering.

Beta

Provide a curriculum-based parenting education and home visit support services to residents residing in Orange County. The program will have an emphasis on intervention and prevention, delivering ongoing comprehensive case management services assisting families in working towards achieving healthy family functioning and self-sufficiency in areas of in school, home life and the community.

Preserve Eatonville Community, Inc. EWE-Computer Lab

Community Computer Arts Lab & Learning Center provides services to Pre- K-12th grade students needing homework assistance, reading and math tutoring, and FCAT preparation through educational games and other computer based activities. E-WE computer lab also serves as a community computer lab for adults during school hours.

Redeeming Light KEEPING UP

Is an alternative to Out of School Suspension, providing an alternative academic setting for students who have been removed from their respective school due to suspension.

KEEPING UP also maintains a partnership with OCPS, which allows the students a smoother academic transition back into the classroom.

Goodwill Industries of Central Florida

Goodwill Industries of Central Florida, Inc. provides a Vocational Specialist to assist residents in obtaining and maintaining employment, through job club classes, resume development, job search assistance and direct employment referrals, many participants are able to find and keep employment. Assistance is also available for individuals who are “under-employed” or need help in obtaining a better job. Referrals to other community resources are provided.

Community Health Interventions And Sickle Cell Agency, Inc

Focused on the health enrollment, care, prevention and education of individuals and families affected by health related issues. The organization is dedicated to addressing various health related challenges that significantly affect a community's health and wellness.
