What is an NCF?

A Neighborhood Center for Families (NCF) is made up of nonprofit organizations, government agencies, churches, and civic groups that work together to be a resource for families in the community. We offer programs, services, and activities that create strong kids, strong families, and strong communities. Most activities, services, and programs are provided at no cost to Orange County residents.

Community

A healthy community is made up of all different types of people. The Taft NCF offers programs and services for all ages.

Building a strong family can be very difficult. Pressures of work and school can make it hard for even the best parents to juggle it all. More than ten years ago, the TAFT NCF began providing services to families just like yours. We continue today helping you build create strong kids, strong families, and strong communities.

Events

In addition to programs and services, the Taft NCF holds community events throughout years. Some events include the Back-To-School Health Fair, Thanksgiving Dinner & Open House, Thanksgiving Baskets, Children’s Christmas Party, and Family Fun Nights. A calendar of these events is available at the NCF.

Children/Schools

Children are the future of our community. The Taft NCF offers a wide variety of programs and services just for children. Does your child need shots? Are they having a hard time adjusting to school? Do they need a fun place to go after school? The Taft NCF has a program that can meet their needs. (e.g. Teacher Referral Source, Student Counseling, and In School Health.)

Adults

Even adults need help sometimes. Stress, marital problems, and parenting pressures can take their toll. The Taft NCF offers counseling and parenting skills programs that can give you new skills in handling life’s stress.

If you are looking for a job or want to find more challenging work, the Taft NCF Employment Services program has the resources to help you build that winning resume, hone your interview skills and find your best job yet.

The Taft NCF offers a computer lab for community use. Community members can use computers with internet access, a fax machine, and a printer. One-on-one assistance is available if you need help.

Seniors

Our senior citizens are a valuable resource of history and wisdom in our community. Every weekday the Taft Senior Program offers something for the senior citizens in the community. Education events, fieldtrips, bingo, senior fitness, health screenings, and much more are offered throughout the month.
