

Jan. 22, 2019

Dear Providers:

VPK reimbursement processing has begun and now is the time to prepare for upload of your SR attendance sheets as providers will have access to this functionality in the statewide data system in the next few weeks. If you've not already done so, please confirm that your sign in/out sheets for each child's attendance from July – Dec 2018 are uploaded to your provider portal no later than Jan 31.

We appreciate your cooperation and continued patience as we work through the transitions to the new system.
