

Virtual Study Buddies Sessions

Virtual Professional Development Support for Preschool Providers and VPK Providers on Probation (POPs)

The following virtual course review opportunities may prove valuable to POPs who select to implement the DOE Approved Staff Development Plan (SDP)

You are invited to attend virtual review sessions for the required trainings on the DOE Approved SDP. Each session will provide a high-level review of the online course, highlight valuable content, and provide an opportunity for the host Regional Facilitators to answer questions about the course content and clarify any uncertainties.

The review sessions are geared toward participants who have completed the online course and have yet to complete the assessment. The review sessions do NOT take the place of the online courses as they do not cover all valuable content provided in the online course.

Space is limited to **25** participants and **registration is required**.
